

# ORANGE THEATRE COMPANY

Income Tax Benefits for Corporate Donors

# One off Donation!

---

Deduct your donation 1.5 times.

For example: if you donate € 1,000, you can deduct € 1,500.

## Maximum

Maximum limit of 5,000 per year donation with a deductibility of 150%. A maximum of € 2500 extra can therefore be deducted from the amount for corporation tax.

Donations above this amount can be reported as business expenses. Companies that do not have to pay corporate tax can also make use of this. Since 2012, this may even be 50% of the taxable profit, with a maximum of € 100,000. Companies must receive an invoice for this from Stichting Orange Theatre Company.

## Higher Tax Tier = More Benefits

Different tax scales make it even more attractive to give to cultural institutions:

*Tax Tier	Tax Benefit	Donation	What it costs you
20%	30%	€1,000	€700
30%	37.5%	€1,000	€625
